Financial Services & Insurance

The financial and insurance sectors operate under complex and often volatile and unpredictable circumstances. They deliver critical support to private businesses, public entities, and individuals by providing tools to promote growth, manage wealth, mitigate risk and protect assets. Greenbaum's far-reaching expertise related to real estate and other transactional areas, regulatory issues, and commercial litigation has propelled our representation of commercial banks, institutional lenders, mortgage companies, insurance companies, credit unions, consumer finance lenders, financial advisors, and private equity and venture capital investors.
