John D. North, Chair of the firm's Litigation Department, will moderate and be a panelist for "A Day on Evidence" to be held on Friday, March 24, 2023 from 9:00am - 3:30pm. The hybrid program, presented by the New Jersey Institute for Continuing Legal Education, will be presented in cooperation with the NJSBA Certified Attorneys Section and the NJSBA Civil Trial Bar Section at the New Jersey Law Center, as well as online.

Evidence skills can take years to master. This full day program is specifically designed to give litigators at all levels an opportunity to learn how the presentation of evidence can be made more effective and persuasive. The panel will delve into topics including a review of common rules of evidence and recent case law developments; evidence derived from social media sources; weaving together trial themes, issues and evidence; the use of timelines, video clips and animations to tell a compelling story at trial; and admissibility of double and triple hearsay. The program will culminate with an important discussion of ethical evidence issues every attorney needs to be aware of.

Mr. North focuses his practice in litigation, with an emphasis on trial practice. He has tried jury and non-jury cases in state and federal courts, including over 75 jury cases to verdict. He is certified by the Supreme Court of New Jersey as a Civil Trial Attorney. A significant portion of Mr. North's practice is devoted to the defense of catastrophic injury and other high exposure cases in the areas of negligence, public entity liability and professional liability, including the defense of attorneys, accountants and insurance brokers. His practice also concentrates in the representation of commercial and residential real estate developers in connection with design and construction defect litigation, as well as the defense of claims brought under New Jersey's Planned Real Estate Development Full Disclosure Act and Consumer Fraud Act. Additionally, he has represented major banks and financial institutions in connection with lender liability claims and matters involving negotiable

instruments and financial fraud.

Mr. North is the author of the evidence treatise **A Trial Lawyer's Strategic Guide to the New Jersey Rules of Evidence** and is a principal author of **Business and Commercial Litigation in Federal Courts**, contributing the chapter in the treatise devoted to Medical Malpractice. He also contributed the chapter on statutory disclosure requirements in **Winning Legal Strategies for Construction Law**. He has lectured throughout New Jersey on evidence and trial practice.
