Live Webcast

12:00pm - 1:00pm (ET)

Steven Nudelman, Chair of the firm's Construction Contracting & Risk Management Practice Group, will serve as a panelist for the live webinar "Alternative Dispute Resolution in the Construction Industry: Emerging Trends and Developments," to be presented by The Knowledge Group on Tuesday, May 31, 2022, from 12:00pm - 1:00pm.

Due to the COVID-10 pandemic, the construction industry has been negatively impacted by the declining economic landscape and recent court cases. The regulatory landscape has been further disrupted, specifically the concept of the limitation of liability clauses, the remedy of alleged defects under the Arizona Purchaser Dwelling Actions Act, and other statutory rules. Businesses need to be armed with the most up-to-date information in this ever-changing environment to be as prepared and effective as possible.

This program will review the appropriate alternative dispute resolution strategies in construction-related cases and offer compliance and litigation strategies to avoid legal pitfalls.

Key topics to be addressed include:

Mr. Nudelman is a partner in the firm's Litigation and Real Estate Departments, concentrating his practice in construction law. For over 25 years he has represented members of the construction industry across a broad spectrum of matters. On the transactional side, Mr. Nudelman works with owners and developers, construction managers, general contractors, subcontractors and design professionals to prepare and negotiate contract documents for construction in the New Jersey and New York metropolitan area. His construction contracting work helps his clients manage the risk inherent in construction projects so they may adequately protect their interests now to avoid claims and disputes in the future. When claims and disputes are unavoidable, Mr.

Nudelman draws upon his wide-ranging experience in construction litigation, representing clients in state and federal courts throughout the New Jersey/New York metropolitan area, as well as in local and international mediations and arbitrations.
